

Guidance on ARCP outcomes for Early years including Core or ACCS training

General
Medical
Council

January 2013

Regulating doctors
Ensuring good medical practice

Where success in an examination is a requirement for exit from early years training then the following ARCP outcomes apply

1. The early years training is distinct from later years training (i.e. separate curriculum, core/ACCS) and competitive selection into later years training is required

Completion of curriculum competencies	Pass in relevant exam	ARCP outcome
Yes	yes	6
Yes	No (pre extension of training)	3
Yes	No (post extension of training)	4*
No	Yes (pre extension of training)	3
No	Yes (post extension of training)	4**
No	No	4**

2. For run through training

Completion of curriculum competencies	Pass in relevant exam	ARCP outcome
Yes	Yes	1
Yes	No (pre extension of training)	3
Yes	No (post extension of training)	4**
No	Yes (pre extension of training)	3
No	Yes (post extension of training)	4**
No	No	4**

*: with statement that all competencies achieved except pass in exam

** : with statement of competencies not achieved
