

## CAMP.

Clinical, academic, management, personal. You will always get an open question, likely for your first question. This can take various forms but can be answered using this structure. Some examples of this type of question:

- Tell me about yourself
- Talk me through your CV
- Summarise your experience to date

You can tailor the answer, but CAMP allows you to remember all the key areas.

<b>C = Clinical</b>	Your clinical background (types of clinical setting, specific areas of interest or skill strengths)
<b>A = Academic</b>	Academic Areas of research, teachings or education have you developed
<b>M = Management</b>	What aspects of service development and supervision have you been involved in?
<b>P = Personal</b>	What interests outside of the work environment do you have?
