<b>ES Biography:</b>	<p>I graduated in 2003 from Newcastle and have previously studied Environmental Science and Evolutionary Zoology. I have also worked as an SHO for two years and surgically I place implants as well as being an FD trainer. In my spare time, looking after the baby, amateur dramatics as well as cycling and swimming. More baby than anything at the mo! “DCO Dental group comprises three practices all within three miles of each other. DCO Dental Brooklands (a former FD practice) was acquired last year and is due to undergo a major renovation. It may be that myself and my FD may move to this new site at some point in the next 12 months. I hasten to add this is only about 1 mile from the Timperley site and it would be a brand new premise. I do think this would have any effect on training and I would reassure any applicants to not worry about it if it occurs.</p>
