SHOULD I APPLY FOR THIS COURSE?

This is a bolt on 1 day course for those who have previously attended the Foundation Supervisors course and want to extend their Supervision portfolio to include the Clinical Supervision of GPST 1 & 2s. This is also an ideal stepping stone before undertaking the Educational Supervisors Course.

COURSE OBJECTIVES:

- To introduce the RCGP curriculum and assessments
- To calibrate on the assessments
- To be able to watch a video of a consultation, provide initial feedback and some teaching on key areas.
- Observe a consultation and give feedback using the consultation observation tool
- Undertake a GPST case based discussion
- Navigate the GPST portfolio and complete a clinical supervisor report
- Have an awareness of the structure of the GP curriculum and how to plan teaching on an area of this.

SHOULD I APPLY FOR THIS COURSE?

Building on your previous Clinical Supervisory experience, you will undertake this demanding course to become an Educational Supervisor for GPSTs of all grades.

You will also need to complete a satisfactory review process following your first year with your trainee.

This course is run in conjunction with UCLan and upon completion you will gain a 40 credit module of the Postgraduate Certificate.

COURSE OBJECTIVES:

- To understand how postgraduate GP training is organised and the role of the trainer in the learning environment
- To understand the important aspects of a learning environment
- Begin the process of developing teaching skills
- Begin the process of reflection on the teaching process
- Continue developing the skills of giving and receiving feedback
- encouragement to accept the need for self direction and adult learning for all trainees
- awareness of the case based discussion, how the process works and calibration of the work place based assessments.
