

National SuppoRTT Guide: Return to training (COVID-19)

Dear Trainees,

Please use this guidance to help you through the SuppoRTT process and signpost learning materials during your return to training.

Where face to face training may be cancelled, there is a lot of material online which you can access remotely. Below you will find some relevant information in this guide: preparing ahead for SuppoRTT meetings, clinical updates, COVID19 resources and links for training and recruitment updates. We will also be sending a list of remote learning resources for basic and generic skills which can be accessed from home soon.

We understand there is a lot of uncertainty with return to training at the moment, but we will update you if there are changes to the National SuppoRTT Programme or process as a result of the pandemic, as soon as we find out.

Best wishes,

Dr Sarah Siddiqui

National Supported Return to Training Fellow

Where to get information about SuppoRTT

HEE SuppoRTT Forms & Procedures

The SuppoRTT Pre-Return Meeting remains important particularly in terms of accessing funding for supernumerary periods and helping trusts cover the costs towards this under pandemic strain.

Supervisors will be time pressured due to clinical duties and we suggest that you prepare for the meeting in advance. Here are some useful videos about the meeting, which can help you plan:

How to apply for SuppoRTT Video: <https://youtu.be/nHuad4omqXE>

Return to Clinical Practice Video 3: <https://londonpaediatrics.co.uk/current-trainees/returning-to-clinical-practice/pracp-videos/>

Local Processes

My advice would be to pre-empt contact with your Supervisor, HR/medical recruitment, Rota coordinator, occupational health, department manager in advance, where possible, particularly when adjusted duties may be required on return.

We also have Trust or Specialty SuppoRTT Champions. Check with your regional SuppoRTT Team.

Returner Remote Learning Resources

The National Fellows will compile a resource bank of generic & specialty specific learning material and this will be sent out to everyone shortly. The SuppoRTT offices will also be converting their usual courses and workshops to Skype/Zoom (check the regional SuppoRTT websites).
