

DENTAL ST1 POST INFORMATION 2024/25

NHS ENGLAND WT & E – North West

1.	Region (Deanery) Name	North West
2.	Title of post Duration of post	<ul style="list-style-type: none"> • Liverpool University Dental Hospital/Glan Clywd Hospital ST4 Orthodontics • 24 months full-time
3.	Main training unit/location	<p>Glan Clwyd Hospital</p> <p>Glan Clwyd is one of the three District General Hospital forming part of the Betsi Cadwaladr University Health Board. Glan Clwyd Hospital is the main District General Hospital for the central area of North Wales. It was built in 1980, situated in rural surroundings at Bodelwyddan, 4 miles south of Rhyl. The Acute Hospital Service has a total of 750 beds, with a full range of specialities. There are purpose-built units for adult intensive care, neonatal special care, adult renal dialysis and endoscopy. The North Wales Cancer Treatment Centre opened in June 2000 and the Renal/Diabetic unit opened in September 2004. Other on sight developments are the Acute Medical Assessment Unit, the Cardiac Catheter Laboratory, Stroke facility and North Wales Clinical School whose first intake of students was in October 2006. The main hospital is undergoing a programme of redevelopment and modernisation with the focus on delivery of more specialist and urgent emergency care.</p> <p>Diagnostic facilities are excellent. The Radiology Department has spiral CT and MRI facilities as well as the full range of ultrasound and general radiology. Radiographic facilities are almost exclusively digital including OPT, peri-apical and Cephalometric studies. There is a dedicated postgraduate centre and a highly rated large state of the art library which was recently expanded further improving electronic facilities.</p> <p>Glan Clwyd Hospital operates a consultant orthodontic service for a wide area of Denbighshire, Flintshire and Conwy. Around 500 new patients are seen every year, of which the more difficult malocclusions are accepted for treatment within the department using fixed appliances, and functional appliance techniques. Severe skeletal problems, where appropriate, are treated by orthognathic surgery in</p>

		<p>conjunction with the maxillofacial team Consultant surgeon Miss E Woolley who has an interest in facial deformity. A Consultant in Restorative Dentistry, provides support for hypodontia cases.</p> <p>The department was refurbished in September 2016 and has an on-site maxillofacial and orthodontic laboratory employing dedicated orthodontic, maxillofacial and restorative technologists. There is individual chair-side assistance from dedicated nursing staff together with secretarial support. There is a departmental database for storage of clinical photographs with a departmental digital camera.</p> <p>On-going clinical instruction can be provided in both Straight Wire and Tip-Edge techniques for the multi-disciplinary case mix and complex malocclusions. There are monthly joint clinics for Orthognathic patients and quarterly joint clinics for restorative patients. The Opal package is available in the surgeries for Cephalometric analysis and planning. There is treatment locally for patients with cleft lip and palate following planning through joint clinics with the North West, Isle of Man and North Wales Cleft Lip and Palate service. One session per fortnight is allocated to diagnosis of new patients, treatment planning and provision of advice to practitioners, some of whom carry out their own orthodontic treatment following previous instructional posts in the department.</p> <p>There is an on-going programme of clinical audit in collaboration with Mersey Deanery, in which participation is expected.</p>
4.	<p>Rotational Post information and Duration (other sites)</p>	<p>This is a shared post between Glan Clwyd Hospital and Liverpool Dental Hospital. There will also be a clinical commitment at Alder Hey Hospital in which the trainee will need to attend regional cleft clinics. The Liverpool University Dental Hospital (LUDH) provides a secondary and tertiary regional service to the inhabitants of Merseyside, covering the full range of dental specialties, including diagnosis, oral surgery, oral medicine, conservation and prosthetic procedures, periodontal and orthodontic treatment. Day bed and laboratory facilities are located within the building.</p> <p>The Liverpool University Dental Hospital is situated next to the Royal Liverpool University Hospital NHS Trust, the centre for medical teaching in the region.</p> <p>There are currently 6 numbered Specialty Registrars on a 3-year (ST1-3) training programme in preparation for the Membership in Orthodontics and CCST in orthodontics. There are also 2 Post-CCST (ST4,5) posts in addition to this post.</p>

DENTAL ST1 POST INFORMATION 2024/25

NHS ENGLAND WT & E – North West

		<p>Alder Hey Children’s NHS Trust is a major teaching hospital of the University of Liverpool. It serves not only the local population of children and is the tertiary referral centre for Children from Merseyside, Cheshire, parts of Lancashire, Shropshire and North Wales for many sub-specialties of Paediatrics.</p> <p>The Trust provides a range of community services including school nursing, home carers and a child development centre. A Child & Adolescent Mental Health service is also provided with an inpatient unit based at the Trust. The hospital has approximately 270 beds, including day beds for surgery. The Paediatric services and expertise within the hospital are considerable and include Orthodontics, Paediatric Dentistry, Oral & Maxillofacial Surgery, Cleft and Craniofacial Surgery, Paediatric Ophthalmology, Cardiology, Cardiothoracic Surgery, Neonatology, Neurology, neurosurgery, Audiology, Nephrology, Respiratory, Oncology, General Surgery and General Medicine. The Radiology Department provides CBCT, CT and MRI scanning service.</p> <p>The state-of-the art hospital opened in October 2015. It sets a new benchmark within the NHS and has won many prestigious awards. The Dental and maxillofacial department is based in the outpatient building. It has 5 Dental Surgeries, a fully equipped speech Therapy Unit, a large laboratory, together with office accommodation. There is a MDT room based in the department used for cleft and craniofacial multidisciplinary clinics.</p>

		Runcorn WA7 2DA
9.	Description of training post including Educational Supervisor if known	<p>This full-time training programme, of two years duration, provides higher specialty training in preparation for the Advanced Intercollegiate Specialty Fellowship Examination (ISFE) of the Royal Surgical Colleges leading to eligibility to be appointed to a Consultant. The training programme offers comprehensive training particularly in Multi-disciplinary Orthodontic treatment. This post is available to commence on 1st October 2025 and is part of the Mersey Orthodontic Speciality Training Programme in the North Western Deanery. The Training Programme is based at Glan Clwyd Hospital, North Wales, with clinical commitments also at Liverpool Dental Hospital and Alder Hey Children’s Hospital, Liverpool. The post comprises of all aspects of orthodontic practice including attendance at new patient clinics and treating cases of severe malocclusion including those requiring multidisciplinary orthognathic treatment, dento-alveolar surgery, joint restorative care; and orthodontic care of cleft lip and palate patients. There will be participation in postgraduate and undergraduate teaching and attendance at MDT Clinics with Oral and Maxillo-facial Surgery, Plastic Surgery and Restorative Dentistry colleagues. Facilities are available for research.</p> <p>The post will be allocated an ST4,5 NTN in Orthodontics.</p> <p>This is a non-resident post at the hospitals in the training scheme.</p> <p>The appointment is for 12 months in the first instance, renewable subject to satisfactory ARCP, to a total of 2 years. The post will comprise all aspects of orthodontic practice, including attendance at new patient clinics and the multi-disciplinary management and treatment of malocclusion in children and adults.</p> <p>There are no out of hours on-call commitments. There is a commitment to cover casual patients according to a departmental rota.</p> <p>Study leave facilities are available in accordance with the Terms and Conditions of Service subject to the approval of the Educational Supervisor and the Training Programme Director.</p> <p>Administrative duties will include attendance at departmental/regional meetings and undertaking some departmental administration.</p> <p>The junior dentist accepts that he/she will also perform duties in occasional emergencies and unforeseen circumstances at the request of the appropriate Consultant, in consultation where practicable with his/her colleagues both senior and junior. It has been agreed between the profession and the Department that while juniors accept that they will perform such duties, the Secretary of State stresses that</p>
