Training Details

(Description of post)

This is a Post-CCST post for 2 years.

These posts are available to commence 1st October 2022 on the Orthodontic Speciality Training Programme in Health Education England Northwest. The post is 2 years in duration and will satisfy the requirements for ISFE. The Training Programme is based between the University Dental Hospital of Manchester and East Lancashire Teaching Hospital (Royal Blackburn Teaching Hospital) & Trafford General Hospital. The posts will be allocated an NTN in Orthodontics.

Duties and Responsibilities of postholder

These are non-resident posts at the hospitals in the training scheme.

The appointments are for 12 months in the first instance, renewable subject to satisfactory reports to a total of 2 years. The posts will comprise all aspects of orthodontic practice, including attendance at new patient clinics, and management and treatment of malocclusion in children and adults.

There are no out of hours on-call commitments. There is, however, a commitment to cover casual patients according to a departmental rota.

Study leave facilities are available in accordance with the Terms and Conditions of Service subject to the approval of the Educational Supervisor and the Programme Director.

Administrative duties will include attendance at departmental meetings and undertaking some departmental administration.

The junior doctor accepts that they will also perform duties in occasional emergencies and unforeseen circumstances at the request of the appropriate Consultant, in consultation where practicable with their senior and junior colleagues. It has been agreed between the profession and the Department that, while juniors accept that they will perform such duties, the Secretary of State stresses that additional commitments arising under this sub-section are exceptional and, in particular, the juniors should not be required to undertake work of this kind for prolonged periods or on a regular basis.

Description of main training site

Blackburn Royal Infirmary

The East Lancashire NHS Trust comprises of the Royal Blackburn and Burnley Hospitals. The Royal Blackburn site was a new build 10 years ago with Burnley Hospital moving into a new build in 2019. This post holder will work at the Blackburn site which is 25 miles from the centre of Manchester, accessible by road or rail. The Trust is the largest provider of secondary care orthodontic services in the region.

There are 7 orthodontic clinical rooms across both sites and a large onsite laboratory undertaking orthodontic, restorative, and maxillofacial prosthetic services. There are 2 existing orthodontic consultants with another post being appointed to shortly, in addition, there are 6 full time maxillofacial consultants and a restorative consultant. Over 10 years ago we were one of the first

hospitals in the UK to undertake orthodontic therapist training and have another nurse who will shortly start therapist training. There is a high throughput of orthognathic cases (over 50 per year). The Trust has invested in the future with purchase of a da Vinci operating robot and 3D printing equipment. Over the next few years there will be a move toward 3D planning software and purchase of intraoral and facial scanners.

Orthodontic Department

Description of second training site

Orthodontic Department – Manchester Dental Hospital

The clinical facilities were re-equipped in 2017 and are situated in the West quadrant of the Dental School. Orthodontics has sole use of 8 fully equipped dental units, plus access to a large multidisciplinary clinic that is composed of its own waiting area, three dental surgeries, one seminar room and oral hygiene room. The clinic incorporates University and Trust network access points on each dental unit

The secretarial offices are next to the main clinical area.

There is also a staff area this is equipped with 4 computers, scanners, printers, and digitiser.

These computers have access to the AJO and JCO via the network and direct links to the on-line versions of the Journal of Orthodontics, European Journal of Orthodontics and the American Journal of Orthodontics.

The Regional Cleft Lip and Palate centre is situated in the new Manchester Children’s Hospital.

Orthodontic Department – Trafford General Hospital

As part of Manchester Foundation Trust, Trafford General Hospital has strong links with Manchester Dental Hospital, Manchester Royal Infirmary, and Wythenshawe Hospital.

The Maxillofacial Surgery and Orthodontics Department was refurbished in 2020 and comprises 2 fully equipped surgeries, a radiography room, good secretarial support, and its own waiting area. There are 2 existing orthodontic consultants, 1 speciality doctor in orthodontics, 1 dentist with a special interest in orthodontics, 1 maxillofacial consultant, and 3 speciality doctors in oral surgery.

Multi-disciplinary clinics can be accessed at Trafford General Hospital, Wythenshawe Hospital, and Manchester Dental Hospitals.

Terms and Conditions

General

The post is covered by the Terms and Conditions of Service of Hospital Medical and Dental Staff.

The appointee would be required to live within a reasonable distance from the base hospital. The agreement of the Authority to removal should be sought prior to entering into any removal arrangements, expenses will be reimbursed, and grants paid only when the Authority is satisfied:

- that the practitioner is an eligible practitioner in accordance with
- the regulations;
- that the removal of the practitioner's home is required;
- that the arrangements proposed are reasonable.

Study Leave

Study leave facilities are available in accordance with the Terms and Conditions of Service subject to the approval of the Educational Supervisor and the Programme Director.

Annual Leave

Annual leave would be arranged in accordance with the Terms and Conditions of Service.

Other information

The appointment will be subject to a satisfactory medical examination and CRB check.

The post is available from 1st October 2022.
