----------------------	---

for the last 9 years and recently become involved with lecturing at Salford University and providing Outreach for dental students from Liverpool University Dental Hospital. I have an interest in cosmetic dentistry and non-surgical facial aesthetics having run a number of facial aesthetic companies in the past. I feel I possess the skills of a well-rounded General Dental Practitioner and able to help impart those skills to a Foundation Dentist. I live on the Wirral and enjoy spending time with my wife and our ten young children.
