DFT ES Biography

Having graduated from Manchester University in 1999 with a BDS, I completed my foundation year in Bolton. I joined Highfield Dental Practice in 2001 and 6 years ago we merged with another local practice to form the 12 surgery 'Brackley House'.

I gained the MFGDP qualification in 2004 and have remained an active member of the Royal College since then.

After being appointed as an Educational Supervisor in 2013, I am now in my 9th year as a trainer and have kept focus on dental education and training.

I strive to provide the highest quality of care to every patient and enjoy all aspects of dentistry, both NHS and private, including aesthetic work.

Outside of dentistry I share my time between family and friends, playing tennis and am an avid traveller! Being originally from Belfast in Northern Ireland, I love to return to my hometown to visit family.
