

R&SC Dentistry Forms – FAQ

There are generic Frequently Asked Questions for Dental Applicants available. Please see under **Dental Specialty Recruitment and Training** here:

<https://www.hee.nhs.uk/coronavirus-covid-19/coronavirus-covid-19-information-trainees/frequently-asked-questions>

There are a number of questions that relate specifically to Restorative Dentistry and Special Care Dentistry which we have answered below

What should be included in the A4 summary log book?

The A4 summary log book is to give an overview of your clinical work **to date**. It will help assessors validate your question responses.

How do I evidence a poster and/or programme that I have uploaded?

Along with the uploaded document, you should upload the meeting programme that represents the poster presentation. If you are unable to locate this, you should upload email correspondence regarding the acceptance of the poster or something similar that might help demonstrate it was presented.

When uploading contract information, what exact information is required?

The name of the company/NHS trust would be best, perhaps from the front page of the contract, along with any date(s) on which the contract was signed.

How can I calculate total months worked when combining full and part time hours?

You should consider uploading evidence that summarises the dates and WTE equivalents so that assessors can see your workings.
