# **SCORING OVERVIEW**

**ST1 Obstetrics & Gynaecology**

**August 2022 intake**

You will be able to see a summary of your scores and your overall ST1 O&G rank via your Oriel account no later than Thursday 24 March 2022, just prior to offers being released.

## MSRA bypass score

The top 75 ranked applicants based on total MSRA score will achieve the bypass. These applicants did not need to attend the online interview in order to be eligible for an ST1 O&G offer.

As an illustration, the person with the highest MSRA bypass score will be ranked 1<sup>st</sup>, with the person with the highest MSRA + online interview score ranked 76<sup>th</sup>.

Where there were tied MSRA scores for bypass applicants, then they were split using the following order of priority:

- Clinical Problem Solving
- Professional Dilemmas paper

MSRA bypass applicants will be able to see a summary of their raw MSRA scores and their overall ST1 O&G rank via your Oriel account no later than Thursday 24 March 2022, prior to offers being released. Due to the way Oriel works, you will also see 0 scores next to MSRA weighted scores and for the online interview stage. Please disregard these scores as they are not relevant to your application.

## MSRA + online interview applicants

You will be able to see a summary of your raw and weighted MSRA scores and online interview scores as well as your overall ST1 O&G rank via your Oriel account no later than Thursday 24 March 2022, just prior to offers being released.

Your final MSRA + online interview score is out of a maximum of 150 (50 marks from the MSRA, 100 marks from the online interview). Please note that the highest scoring applicant who attended the online interview will be ranked after the lowest scoring MSRA bypass applicant. The highest ranked applicant who attended interview will be ranked around 76<sup>th</sup> overall.

## Appointability

In order to be found appointable, you will need to have met a minimum score of 50% on the online interview (50/100). Applicants whose responses to the clinical prioritisation exercise cause serious concern about patient safety may also be found unappointable regardless of their overall scores.

Applicants who have not met the appointability threshold will see that their Oriel application status changes to “Interviewed Unsuccessful”.

## MSRA scores

Via your Oriel account, you will see your raw MSRA scores plus your weighted MSRA score.

The MSRA scores have been scaled to count as 33.333% of overall interview score

- Clinical Problem Solving – scaled between 0-25 for all applicants attending interview
- Professional Dilemmas paper – scaled between 0-25 for all applicants attending interview
- Total MSRA score – scaled between 0-50 for all applicants attending interview

## Online interview scores

You will be sent your raw online interview scores by email in pdf format along with any comments made by your panel members no later than Thursday 31 March 2022. Sometimes these emails aren't delivered, so if you have not received your feedback by Friday 1 April 2022, then please contact us via [obsjobs.nw@hee.nhs.uk](mailto:obsjobs.nw@hee.nhs.uk) and we will send you another copy.

## Online Interview Overview
