St Mary's at ORC is a large tertiary unit with a wide variety of specialist clinics and excellent opportunities to complete many of the RCOG SITMs.

St Mary's is renowned for its research and offers an opportunity to be introduced to research opportunities.

With 8000 deliveries St Mary's offers the opportunity to work in a busy tertiary obstetric unit with great opportunities to advance your obstetric skills under the supervision of a 24 hours consultant.

The Gynaecology unit at St Mary's also offers many opportunities to operate under the leadership of specialist both in Oncology and advanced laproscopic and complex Gynaecology disease. There are also specialist clinics as listed above.
